

STEAMsport, Inc.

"Where science and technology come to play"

In light of recent developments regarding the spread of COVID-19 and in an abundance of caution, **STEAMsport, Inc. has decided to postpone all activities until further notice.**

Although there have been no reported cases of COVID-19 in the immediate area, we are focused on our highest priority which is maintaining the health and safety of our students, staff and families by limiting the number of visitors to our center.

We will send information as to how we will proceed with programming going forward.

Thank you for your support

William Oliver
Executive Director
STEAMsport, Inc.
